SENSORIAL CHARACTERISTICS

An intense cherry red Wine which is more typical of a young wine rather than a Crianza, although it does show ruby highlights.
In the nose its aromatic intensity is clear, combining the grape fruit and the toasted notes taken from the wood which brings balsamic, toasted and dairy tones to the wine.
In the mouth it is a powerful wine, still very pleasant with a good entry due to its rounded body and good balance. It is a fresh wine with good acidity and aromas, well-bodied and structured with a strong final persistency.
